

Part I

- 1) Find a particular group of holdings records (checkins). You were working on them yesterday, but you forgot to add a note with your initials.

Type of record to store: _____

Range of records to search: _____

Search statement(s):

- 2) Find records with Item location 'hcd' or 'hvid' that were received in 2014 (based on RDate in the Order record).

Type of record to store: _____

Range of records to search: _____

Search statement(s):

- 3) All bib records from a certain collection have a local note (590 tag) "Mount Wilson Observatory Collection." Find those that have not yet been assigned a call number.

Type of record to store: _____

Range of records to search: _____

Search statement(s):

- 4) How many items are checked out by students with undeclared majors (PCode3=1)?

Type of record to store: _____

Range of records to search: _____

Search statement(s):

Who are those patrons?

Type of record to store: _____

Range of records to search: _____

Search statement(s):

- 5) *The National union catalog, pre-1956 imprints* (record # .b14649640) has an item record for each of its 754 volumes. Quickly make a review file of those items.

Type of record to store: _____

Range of records to search: _____

Search statement(s):

- 6) Consider this search statement: `BIBLIOGRAPHIC TITLE has "500"`
Which of the following fields will be matched by this search?

- 245 14 |aThe 500 hats of Bartholomew Cubbins /|cby Dr. Seuss.
- 245 10 |aLife in Sing Sing /|cby Number 1500
- 740 2 |a500 years of Italian master drawings ...
- 245 00 |aAmerindian signs :|b5,000 years of Precolumbian art ...

Part II

- 1) How would you limit a search to records where the call number is in MARC tag 090?
- 2) Find Patron records with barcodes that do not begin with "2".
- 3) Find Items with barcodes that are longer or shorter than 14 characters.
- 4) Find bib records where the 245 field has a "|c" that is not the last subfield delimiter.
- 5) Find personal name headings (MARC tag 100, 600, 700) with 19th century birthdates and no death date, for example:

100 1 worden, J. Perry, |d1866-
