Patrons LOVE LINK+

"The Link + system is like sitting down in front of a terminal and having access to the entire world of available information. As a walking question mark and life-long learner, I can explore resources not directly stored at my local community library. The "link" from my community to other learning communities is very much appreciated! Thank you!"

"LINK+ is far faster and much easier than other ILL methods. Our requests for other physical ILL items plummeted to almost zero after implementing LINK+. Our patrons are much happier with LINK+ than they were with other ILL methods. Undergraduate students who never would have requested an ILL item now regularly do so through LINK+."

"Our regular ILL patrons have all shifted over to LINK+ and they're ecstatic about the change. It's so much faster and easier than ILL. We rarely make ILL requests now. There are also many more patrons who are using LINK+ as compared to ILL. LINK+ ROCKS!!!!!"

Thank You !

Frank Dubisz (fdubisz@apu.edu) John de La Fontaine (delafo@oxy.edu)
