

# The Evolution of WebBridge LR at an Academic Health Sciences Center

Rebecca Bealer  
Head, Serials  
LSU Health Sciences Center New Orleans Library

Tuesday, March 23 – Thursday, March 25

# Who are we?

- LSU Health Sciences Center New Orleans
- Six schools
  - Allied Health
  - Dentistry
  - Graduate Studies
  - Medicine
  - Nursing
  - Public Health
- Innovative library since 1997
  - Millennium 2002
  - Sierra 2017

# Our journey to WebBridge LR

- Implemented ERM 2007-2008
- No previous link resolver
- WebBridge LR May 2012
- Primarily to link to journal articles

# What is WebBridge LR?

- OpenURL link resolver
  - <https://openurl.ebscohost.com/linksvc/linking.aspx?genre=article&issn=#@ISSN-HYPHEN#&title=#@TITLE#&atitle=#@ATITLE#&date=#@DATE#&issue=#@ISSUE#&spage=#@SPAGE#&volume=#@VOLUME#&aualast=#@AULAST#&author=#@AUTHOR#>
- Set up origins (databases) in web administration
- Assign linking syntax for resources (publisher sites) in web admin
  - Majority of match points are ISSN and Date
- Coverage load in SDA
  - Yay for ERM!

# Origins: web admin

#IUG2021

# Initial challenges of WebBridge LR

- Setting up origins
  - Using the “special” link resolver
  - Have you tried to explain what an sid is to someone?
- Formatting delivery of links
  - Emphasize subscribed titles
- Wrangling so many resources
  - “In scope” and “out of scope” titles

# The ERM Legacy

- In scope titles **only** in catalog
  - *However* we get lots and lots from packages and consortia purchases
- LR makes everything available
  - How to accomplish this without impacting the catalog?
- Yay for resource records!
  - ERM-only
  - LR-only
  - ERM & LR

# WebBridge LR click-throughs since launch

Links clicked

There's a reason for this!

# PubMed HTTPS Adventure

- PubMed our most-used origin
- Outside Tool only active when following our link
  - <https://www.ncbi.nlm.nih.gov/pubmed/?otool=lsunolib>
  - Since PubMed is free, difficulty getting patrons to use our link
- November 2016: the move to HTTPS

# PubMed HTTPS Adventure

- Move to HTTPS broke WebBridge LR

**LSU Health**  
NEW ORLEANS

Division of Libraries      WebBridge Link Resolver

# PubMed HTTPS Adventure

Division of Libraries

WebBridge Link Resolver

## PubMed Outage

The **WebBridge Link Resolver** is currently not working in PubMed.

Search [INNOPAC, the Library Catalog](#) for the journal.

Search [E-Journals & E-Books A to Z List](#) for the journal.

Search [Scopus](#) with the PMID to link to article; not all articles may be available.

Search [MEDLINE via EBSCOhost](#) with the PMID to link to article; prepub articles may not be available.

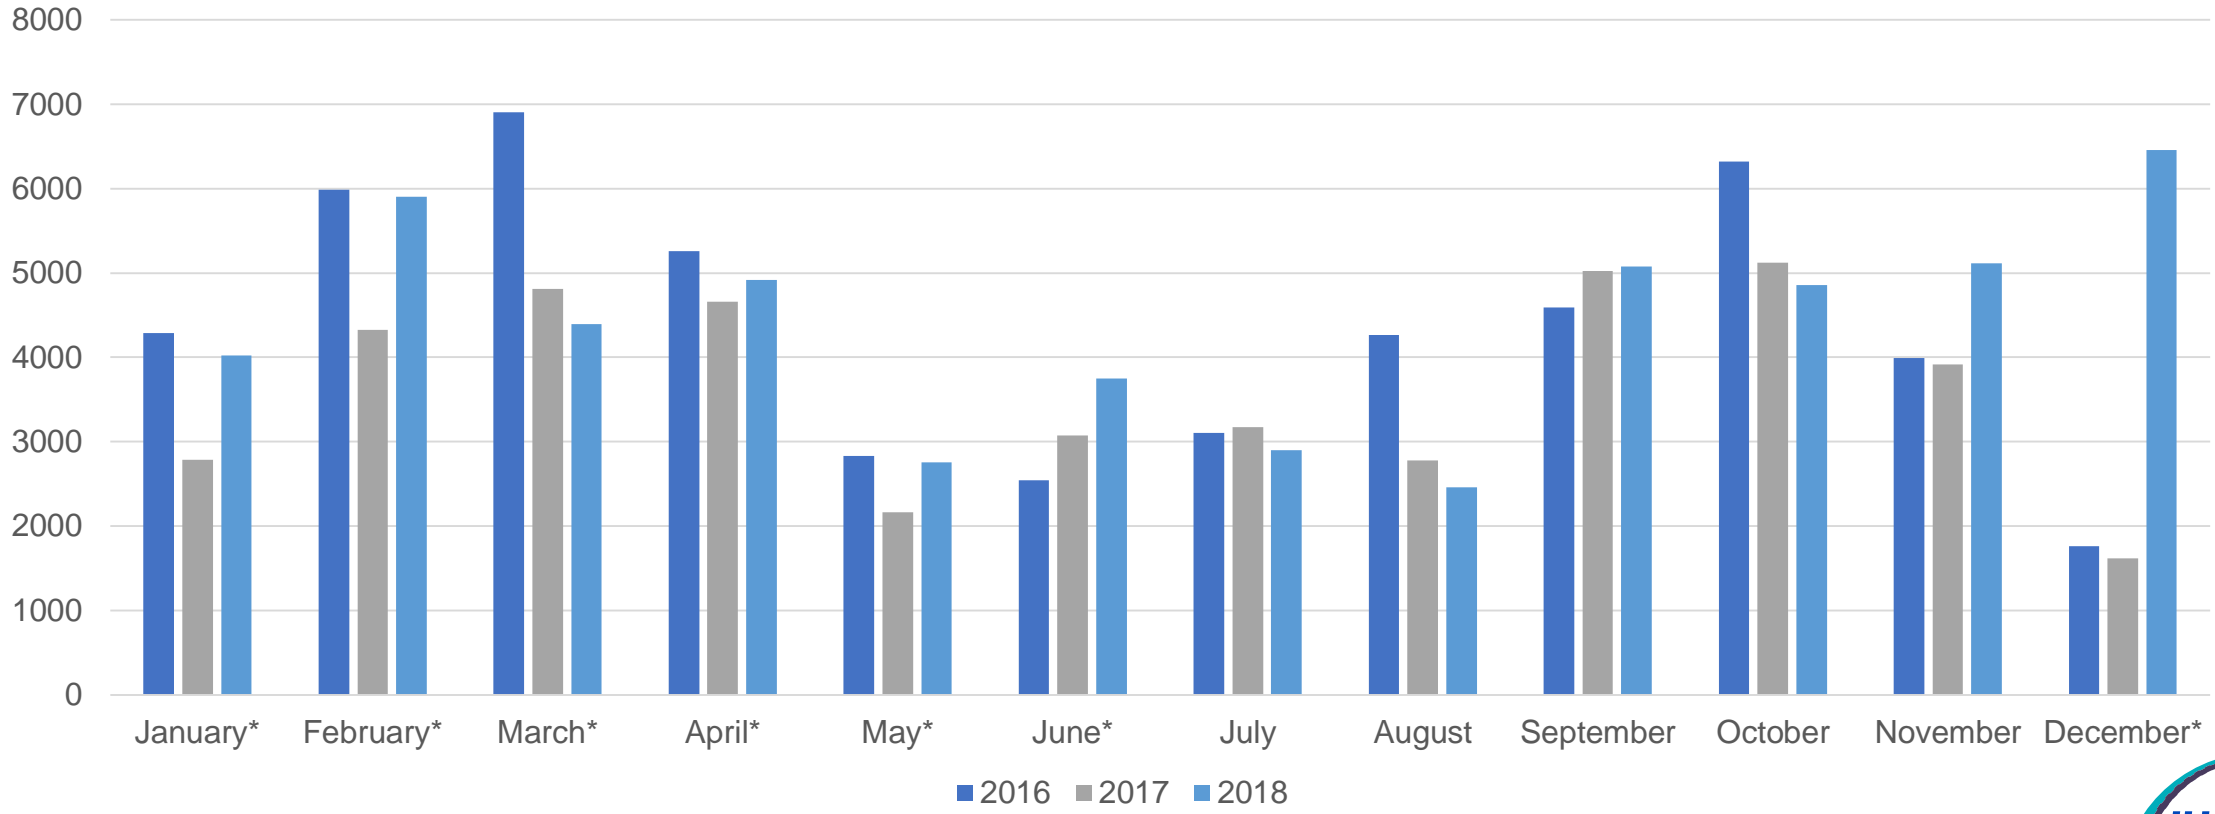

Search [MEDLINE via Ovid](#); LSUHSC login credentials required.

## PubMed HTTPS Adventure

- Intermediate panel not helpful to patrons
- Temporarily changed to EBSCO Full Text Finder
- Dramatic drop in successful link resolver sessions
- Transitioned to Sierra June 2017
  - DOI lookups failed until August

# WebBridge LR Usage pre- and post- PubMed outage

Dec 2016-June 2017 combined LR and FTF clicks

# Miscellaneous adventures

- Origins change sid with no warning
  - EBSCOhost went from one origin definition to **78!**
- Publishers changing platforms mean resource linking changes
- Adding new services
  - Introduction of EDS Health necessitated **32** new origins

## Workflow changes

- Fewer manually maintained free resources
- Reduced interval for updates from A to Z List knowledge base
- Other changes based upon making things work better

# Changes to resource linking syntax

- Simplifying DOI lookups

- Was:

- [https://www.crossref.org/openurl?pid=uhsc:uhsc901&issn=#@ISSN#&  
eissn=  
#@EISSN#&volume=#@VOLUME#&issue=#@ISSUE#&spage=#@SPA  
GE#&date=#@YEAR#](https://www.crossref.org/openurl?pid=uhsc:uhsc901&issn=#@ISSN#&eissn=#@EISSN#&volume=#@VOLUME#&issue=#@ISSUE#&spage=#@SPA<br/>GE#&date=#@YEAR#)

- Now:

- [https://www.crossref.org/openurl?pid=uhsc:uhsc901&aulast  
=#@AULAST#&atitle=#@ATITLE#](https://www.crossref.org/openurl?pid=uhsc:uhsc901&aulast<br/>=#@AULAST#&atitle=#@ATITLE#)

- It just worked better!

# Better organization of LR panel

LR is here!

# WebBridge LR pros and cons

<b>Presentation is highly customizable</b>	<b>Setup a bit involved</b>
<b>Leverage your own knowledge base</b>	<b>Quite a bit of staff time needed to maintain</b>
<b>Can compensate for weird things coming and going out</b>	<b>Learning curve is a bit steep</b>
<b>Support documentation is still helpful</b>	<b>Not very many updates recently</b>

# However...

- Even though WebBridge LR requires a lot, we're really pleased with it!
- LibKey Link/LibKey Nomad/LibKey.io as complementary tools
  - WebBridge LR is still the backbone
- We feel like we've made WebBridge LR our own

# THANK YOU!
